

Hello!

Thank you so much for being such an important part of **Geometry as Public Art: Telling A Story!**

Please share your students' I AM poems and artwork with us.

We would also appreciate if teachers and students responded to the questions below and send us the completed forms. Your thoughts and suggestions are also so important to us.

Many thanks!

Barbara

GEOMETRY AS PUBLIC ART: TELLING A STORY!

Teacher _____ School _____ Date _____

FOR TEACHERS

1. What did you students learn about one another that they did not know before?

2. What did you learn about your students that you didn't know before?

3. Did "sharing experiences" and their I AM poems changed the students' relationships with one another?

FOR YOUR STUDENTS

1. What did you learn that was new about yourself?

2. How do you feel more connected to your classmates?

3. What is the "common ground" that we all share?
